

# War, What is it Good For?

## Chapter 1 by Aaron Hartmann

Story Wars, such strong words. Why can't it be Story Peace?

## Chapter 2 by Brock Thompson

Deep down, you know why it can't ever be Story Peace.

Humans crave war. Violence is built into our minds.

But we cannot simply blame this on our evolution.

This is our fault. We start war because of jealousy, and fear. Fear that the stranger is better than us. If they're better than us, then they're a threat, and we have to destroy threats, don't we?

In reality, these poor strangers we don't know became the victims of our imagination, and we warped them into a monster. A creature. Not human.

This is why it will never be Story Peace. Because deep down, you know you couldn't live without a war.
